

FOLK MACHINE

2022 SAUVIGNON BLANC, VECINO VINEYARD, POTTER VALLEY, MENDOCINO

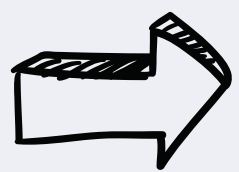

Vecino Vineyard

Certified organic by CCOF, Vecino Vineyard lies North of Lake Mendocino and South of Lake Pillsbury.

Potter Valley AVA

On the Eastern side of Mendocino County, Potter Valley sits at a higher elevation than it's surroundings and is influenced by the Eel River watershed creating cool growing conditions

Sauvignon Blanc

Originally from Bordeaux, SB is herbally, grassy, and carries good acid. This, the Musque clone, tones some of that down with heightened aromatics.

The 2022 Vecino Sauvignon Blanc was harvested on Sept. 9th-14th at 21° brix. Grapes were whole cluster pressed and fermented in a stainless steel tank. Post-fermentation, malolactic was partially blocked. About 6% Sauvignon Blanc from Larrick Vineyard in Dry Creek Valley was blended in to slightly boost the acidity level.

pH - 3.15

TA - 5.70

EtOH - 12.7%

RS - 0.4 g/L

1000 cases produced
