out

Flood Light Snow is a new and exciting sparkling wine that is captivating the wine world with its unique flavor profile. This organic sparkling wine is made from a blend of Mondeuse and Clairette Blanche grapes grown in the Santa Barbara County region of California.

What sets this wine apart is that it's not disgorged, meaning that the lees - or the dead yeast cells - are left in the bottle during fermentation, giving the wine a distinct flavor and texture. This also means that the wine is kept on its lees for an extended period, contributing to its electric tasting experience.

On the nose, Flood Light Snow exudes fresh and fruity notes of citrus and green apple, with subtle hints of wildflowers. On the palate, the wine is unique, with a delicate, effervescent texture and a rich, complex flavor profile. It's light and refreshing, with a crisp acidity that lingers in the finish.

The combination of organic farming practices and careful winemaking techniques produces a wine that is not only delicious but also environmentally friendly. Flood Light Snow is a perfect wine to enjoy on a warm day or any special occasion. Its unique flavor profile and electric taste are sure to impress even the most discerning of wine enthusiasts.

At So Far Out, we're on a mission to craft organic wines that are environmentally friendly, affordable, and free of all pretense. Our goal is to make wine accessible to all, regardless of their experience level, so we've created a welcoming, inclusive atmosphere at our tasting room on the Martian ranch in Los Alamos.

We believe that sustainable winemaking practices are not only important for preserving the environment but also for creating exceptional wines. That's why we source our grapes from Santa Barbara county, an area that is rich in biodiversity and offers ideal growing conditions for organic produce. Our commitment to the environment translates into every aspect of our winemaking process, from the way we grow our grapes to the materials we use for our packaging.

We're proud to offer organic wines that are not only good for the environment but that also taste great. Our wines are crafted with the same care and attention to detail as some of the finest wines out there, yet we keep our prices affordable, so everyone can enjoy them.

At our unique tasting room on the Martian ranch, we offer a welcoming and inclusive atmosphere where wine lovers of all experience levels can come, learn, and taste exceptional organic wines. We strive to create a sense of community, where everyone feels welcome and included.

In summary, So Far Out is a wine company that's committed to making organic wines that are environmentally friendly, affordable, and without pretense. We're here to make wine accessible to all, and we welcome you to join us in our mission to make wine that's good for the planet and good for the soul.
